Local Engagement

The CCG attend the MH Action Group meetings to feed back any concerns to the MH Local Operational meetings however the MHAG meetings have been on hold for a while and will re-start in September.

The CCG continue to meet regularly with the local MHAG Co Chairs, who will be invited to attend the monthly local performance meetings with KMPT in 2017. Moving forward it is planned to replicate this approach with CAMHS service provider, Sussex Partnership Foundation Trust. It is hoped that this will give the transparency and confidence that the CCG is working with the providers to improve the current mental health service provision.
